

Support of : H.J. No.65 RESOLUTION MEMORIALIZING CONGRESS TO ABIDE BY
THE TENTH AMENDMENT

Good morning. I want to thank the Committee for considering H.J. No. 65 RESOLUTION MEMORIALIZING CONGRESS TO ABIDE BY THE TENTH AMENDMENT.

My name is Walter Reddy. I am founder of the *CommitteesofSafety.org* and representing one of the twenty-eight grassroots organizations in Connecticut, in support of our Tenth Amendment Right.

I am sure I do not need to remind all of you of the fact, that before taking your office as a State legislator, you raised your right hands and bound yourselves by Oath or Affirmation, to support the Constitution for the United States (Article VI sec.3) which of course includes our Tenth Amendment Right.

By supporting and voting for this Tenth Amendment Resolution, and better still, the Tenth Amendment Bills, you will not only be honoring your Oath of office, but you will be sending a clear message to the federal government, to stay within their LIMITED delegated powers.

Although this is a first good step, further action will be necessary. We all know, some of these rogue public officials in Washington, D.C. have usurped powers never delegated to them by the Constitution and have threaten to withhold federal moneys unless we in the States give up more of sovereignty and rights by going along with their unconstitutional federal mandates. This must stop.

We will need to transition into a Constitutionally sound, stable monetary system, competing with the un-Constitutional, unstable Federal Reserve System. Six States now have already begun to address this problem by introducing *Gold and Silver Coin and Electronic Currency Bills*, thereby not only providing a solution for breaking the “purse strings” that control the States but providing an environment where capitol will flow into the State bringing with it industry and real jobs. There are companies such as *SovereignStateDepository.com* that could provide our State with such a system. Connecticut could lead the nation in real, good paying jobs if we acted soon.
